- Serial Port: 1
- Operating Temp: 0 ~ 50 deg celsius
- Typical Power Consumption: 15w
- EMC: CE/FCC Class B
- Dimensions: 190 (W) x 160 (D) x 40 (H) mm
- Ships Fully Configured

The Dianemo NC200 is a an affordable and easy to install system that is able to deliver a range of AV distribution and control capabilities by adding a range of peripherals according to the requirements of specific installations. The Nerve Centre is a silent compact rack, shelf or wall mount unit with 1TB of OS/media storage and a separate USB interface for 3 of the audio zones (one on-board). What differentiates Dianemo is that, with optional upgrades, it can also control lighting, heating, TV surround sound amplifiers, SkyHD boxes and virtually all the external sources you have through one user interface.

The NC200 can be rack, shelf or wall mounted and comes in a low power - energy efficient machine. It comes pre-configured to support:

- 4 independent audio zones (upgradeable)
- 6-8 'Smart TV' video zones
- 2 IP cameras
- 2 IP Door/Gate Entry Panels
- 8 SkyHD boxes
- Lighting and Heating control (via suitable interfaces)
- 4 x IP Door Entry panel
- 1 x RS232 devices

The NC200 is designed for use in large installations where flexible hardware configurations such as a large number of external device control, or in-built storage options are essential. This unit is built to order dependent on your requirements.
